Hi, All.

Mary Green and I had a short conversation today about community involvement at Columbia Falls. She would like EPA to have a booth at the Liaison Panel's open house on Oct. 8. I'm going to be out of the office on leave until 9/28, so you may want to have a conversation about this before I get back. If not, we can talk about it early that week.

Thanks!
Cynthia

Mary,

That will work well. My phone number is below.

Thanks for being flexible with my schedule.

Cynthia

Hello. You and I are busy. Wednesday, September 9 works for me. How about 10 a.m.? Give me a number, and I'll send out a meeting invite for me to call you.

Hi, Mary.

As things stand now, I'm being redeployed to Durango for emergency response work next Monday and plan to be there all week. Like you, my plans may change in the interim, but perhaps we should plan on a call the week of Sept. 7. Wednesday, Sept. 9, would be the best date for me that week. I am free all day until 3:00 pm. Would that work for you?

Thanks!
Cynthia

Importance: High

Cynthia,

Thank you for getting back to me, and I look forward to talking to you.

Would it be possible for us to talk Monday, August 31? I am beginning to move household locations this week, and it is still a changing date with closing, etc. That would allow me to remain flexible for personal reasons and also get the notebook to you in time for you to review.

Just let me know. If Monday works, I am good that morning and until 12:30 p.m. EST. I have a client commitment in the afternoon Monday and Tuesday. If Monday doesn't work, I am open all week.

Have a great day,
Mary

Ms. Green.

Thank you so much for reaching out to me about the Columbia Falls Aluminum Company (CFAC) Community Liaison Panel. I apologize for not getting back to you more promptly, but as you know, I have been working on the response to the Gold King Mine discharge and have had little opportunity to attend to other matters.

However, I will be in the office all this week and would very much like to talk with you. I would be free Thursday morning from 8:00 to 10:00 am MDT, or from 1:00 to 2:00 pm. If neither of those times work for you, please let me know and we can make other arrangements.

I look forward to talking with you soon.

Best regards,
Cynthia

Dear Ms. Peterson:

My name is Mary Green, and I am the facilitator of the Columbia Falls Aluminum Company (CFAC) Community Liaison Panel. Andrew Otis, counsel for the company, suggested I contact you to discuss the panel and its mission. Mike Cirian also mentioned to me at the August meeting that you and I should talk.

I understand from Mike that your efforts at the time were focused on the issue related to the Colorado River. Because of that, I thought it might be best to send an email and ask you to recommend a time for the call. In advance of our conversation, I would like to prepare and send to you materials related to the panel, including the research used to seat the group. If we could schedule the call for late next week, that would give me time to prepare the materials.

I look forward to hearing from you and to discussing the panel.

Kind regards,
Mary Green
